

Mobilität für Menschen

**Cargobikes in commercial use - a crucial
and still underestimated means of transport**

Jörn Strüber

VCD-Kreisverband Darmstadt-Dieburg e.V.

Joern.Strueber@VCD-Darmstadt.org

VCD Darmstadt-Dieburg

Darmstadt, 160,000 inhabitants, is setting cargo bike standards

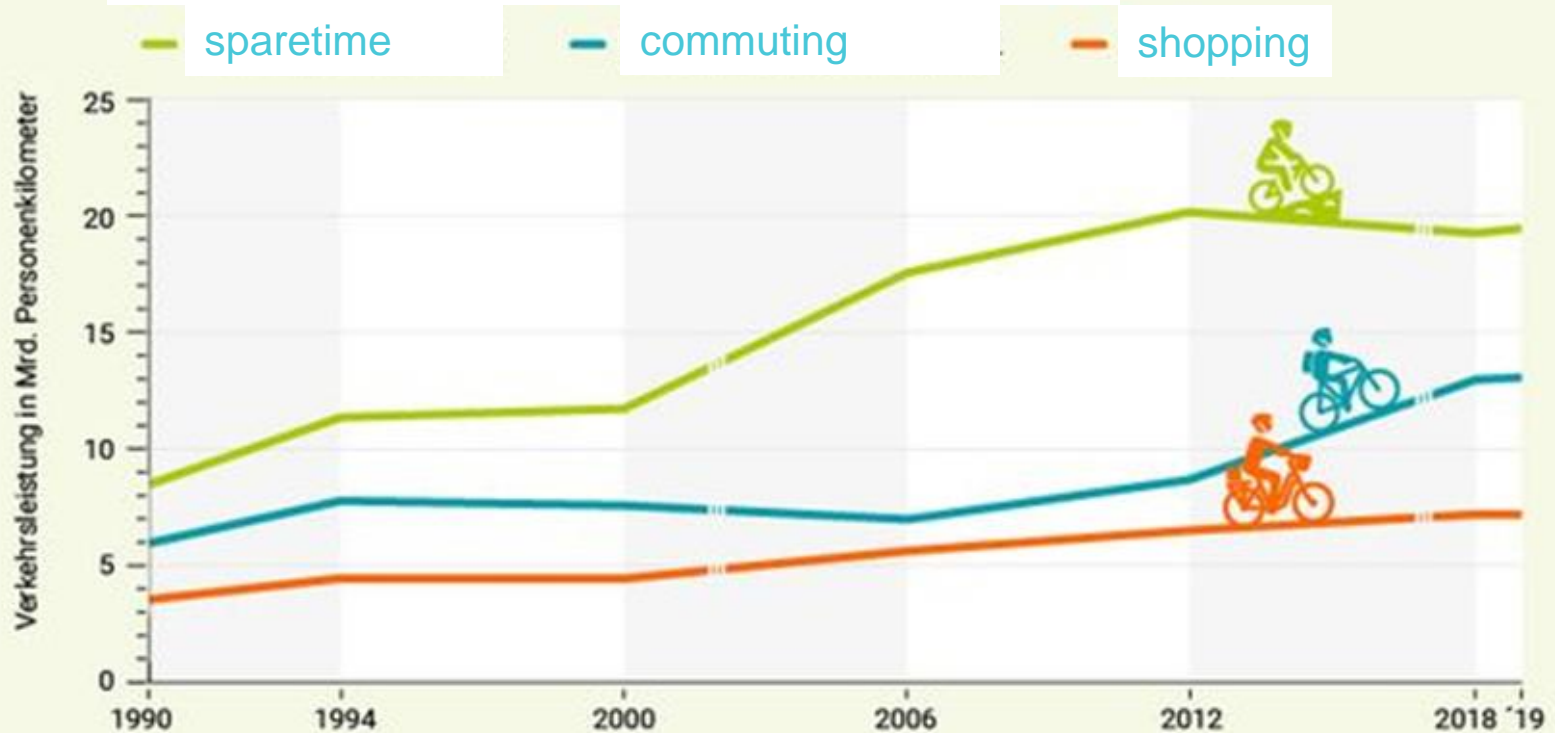

20 Cargobikes for free

- 12 Longjohns (4 different types)
- 3 Threewheelers for cargo
- 3 Threewheelers for people
- 2 Heavy duty cargo trailers

Cycling is on the rise - [passenger kilometre in billion]

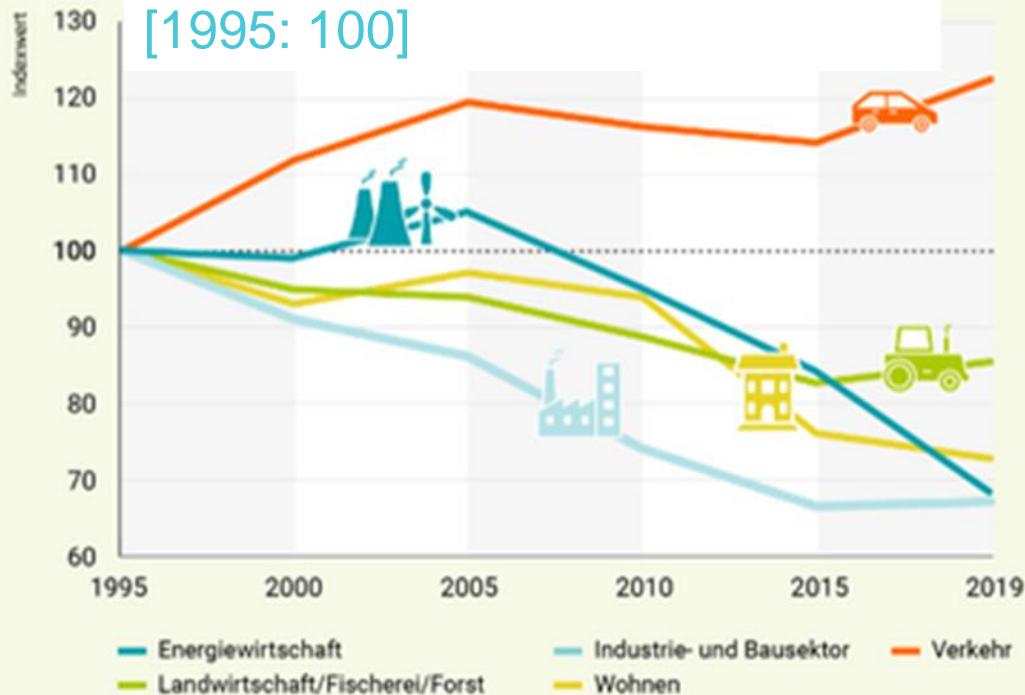

Steady increase over the last 30 years

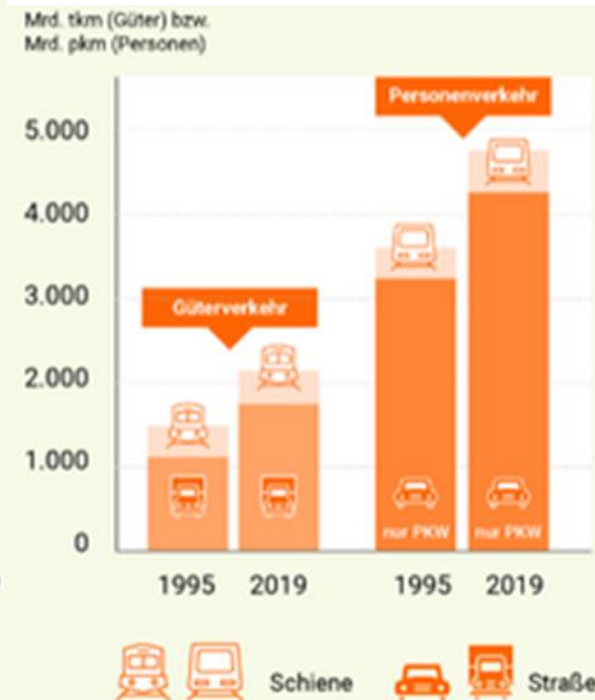

Ab 2002 und 2017 aufgrund veränderter Abgrenzungen und Neuberechnungen nur eingeschränkte Vergleichbarkeit.
Quelle: Bundesministerium für Digitales und Verkehr, Stand: März 2022

The transport sector threatens to shatter the Paris Agreement to reduce emissions drastically

Greenhouse gas emissions [1995: 100]

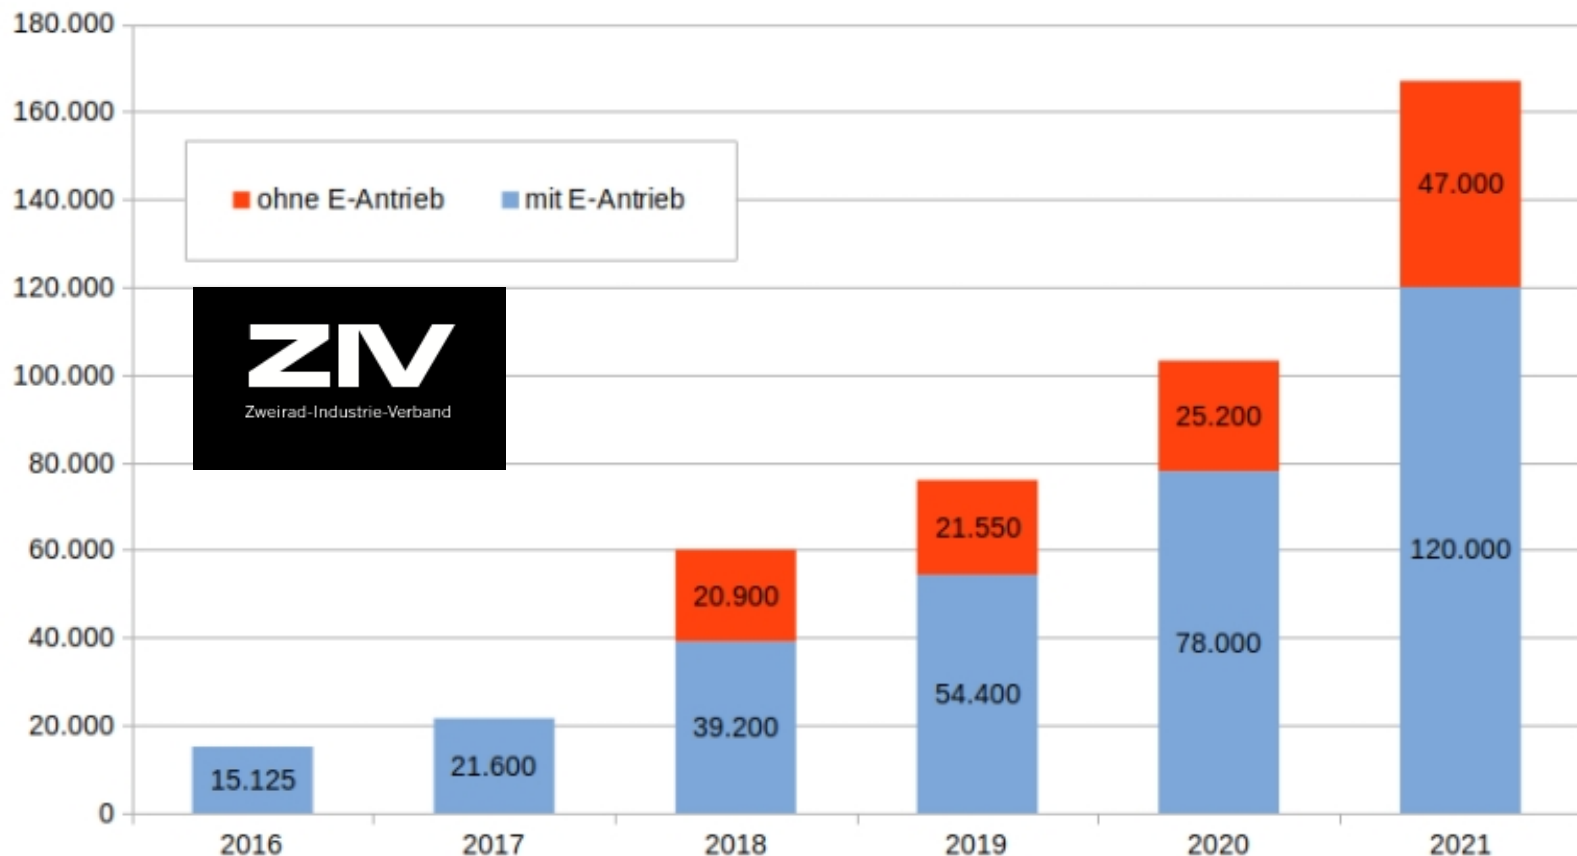

Transport on the rise

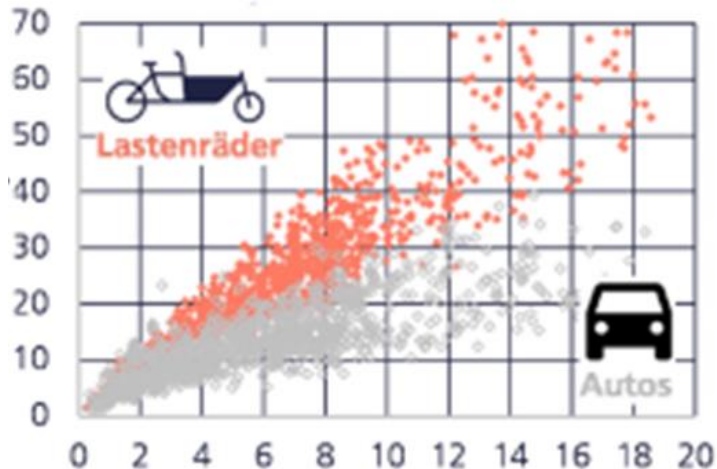

Freight tonne kilometre in billion
Passenger kilometre in billion

103,000 Cargo bikes sold in Germany in 2020 and 167,000 in 2021. [Still 2,622,202 cars sold in 2021]

time [min]

distance [km]

“Travel Time Differences Between Cargo Cycles and Cars in Commercial Transport Operations”,
Dr. Johannes Gruber, DLR, Institut für Verkehrsforschung

In 50 % of all transports, the bike would have reached its destination only 2-10 min later.

Congestion, finding a legal spot for the van and a bit of walking **not** included.
